Do you have any specific comments on Part 1 of Schedule 8A to the Mining Amendment Regulation 2020?:	No	
Do you have any specific comments on Part 2 of Schedule 8A to the Mining Amendment Regulation 2020?:	No	
Do you have any specific comments on Part 3 of Schedule 8A to the Mining Amendment Regulation 2020?:	In the consultation process it was mentioned it would be difficult for the regulator to determine "reasonably practicable", hence the ARRF will not be approved and what is "reasonably practicable" will be determined on the ground during TAP's. It is felt this is too ambiguous and an evaluation on the ground by a regulator coupled with regulator turnover will result in inconsistencies.	
Do you have any specific comments on Part 4 of Schedule 8A to the Mining Amendment Regulation 2020?:	In addition to the guidelines the publication of example reports would assist in understanding reporting requirements.	
Do you have any specific comments on Part 5 of Schedule 8A to the Mining Amendment Regulation 2020?:	In addition to the guidelines the publication of example reports would assist in understanding reporting requirements.	
Do you have any specific comments on Part 6 of Schedule 8A to the Mining Amendment Regulation 2020?:	Greater guidance on how the amendment process will be conducted, or examples would be beneficial.
